Dear Resident:

RE: 2018 Road Construction – Contract B18 – Tamarack Drive, Tamarack Circle and Maplewood Court.

I am writing this letter to inform you of upcoming construction activities that will be taking place in your neighborhood. As part of the long-range Capital Improvement Program, the Town of Buchanan has scheduled a road improvement project to be completed this year.

The project will include: complete pulverization of existing pavement, reconstruction/repair of road base, construction of curb/gutter at road intersection radii, ditch cleaning, culvert replacements, where necessary, and the re-pavement of the asphalt surface. Some existing driveway aprons may be saw-cut and re-paved to match road pavement grades. All costs with replacing existing driveway aprons for "project" purposes are paid by the Town. The property owner can request additional driveway pavement be removed and replaced thru the Project.

The proposed project schedule is as follows (subject to change):

Road Reconstruction (Contractor: Northeast Asphalt, Inc.)

September 4th thru October 1st 2018

As with any construction activity, there will be some inconvenience to area residents. While the streets will be kept open to "Local Traffic Only" throughout the project, there may be periods during the day where construction activities are occurring close to your property. The Contractor will be required to notify you of any temporary closures at least 24 hours in advance.

Residents are encouraged to visit the Town's website (www.townofbuchanan.org) for further updates and detailed plans. This letter is the notice to residents that construction will begin soon.

If you have questions, please contact the Town Administrator, Tony Brown at (920) 734-8599 or Town Engineer, Thad Majkowski at Cedar Corporation, 920-785-7302.

Sincerely,

Tony Brown, Town Administrator
